Dear Friends,

By the time you read this we may know the next milestone on our journey out of the restrictions which have been needful during the worst of the pandemic. What we do realise, is that many things will be different from now on. We will probably have to continue to be careful in public places and accept that there will be another annual vaccine for most people. Many are also realising that we will have to treat nature with more care and respect. We need to be more local, in our shopping and our growing of food. Our communities will be a vital part of finding better ways to live.

And of course church is a part of the network of local community. The basis of being church is trust in God's love for all, seen in Jesus, and in the Spirit of God guiding people. Church is for all and any who would like to explore the way of Jesus. And church is also open for the many things, not necessarily religious, which make community. As church opens up, there is much to do. If you would like to express your commitment as a church member, you will be very welcome. If you are a member already, could your next calling be to eldership in the United Reformed Church, sharing in the spiritual and practical leadership of the local church? Please pray for all the churches locally and for our community, as we seek new ways to help our community thrive. Stephen

## WELCOME BACK

We are now opening up as much as we can, keeping in mind the guidelines at the time. The elders have worked hard to oversee the church during this very difficult time. In order to help keep the church going, 3 elders have continued to serve, even though they are due to stand down, and a former elder has stepped up to help. We are now looking for new elders to join (members only). We would appreciate any help that you can give to give the church a new start. We would like fresh ideas and energy to help us to serve our community in the future. Could you update the website or help with any community events?

If you could help in anyway, please contact the minister. CR

## Afternoon Garden Party 17<sup>th</sup> July

We are hoping to organise a garden party on this date, and believe with current guidelines that we can have up to 30 people attend. If you would be interested in joining in then please contact the minister. CR

## A HUGE THANK YOU FROM JO TAMAN

As you will know, back in April I ran the 'Spring Towpath Marathon' in memory of **Nigel Tunley**- a much loved friend of the church and known in various music circles.

He was a dear friend of mine, as he was to you all, and running this marathon in his memory to raise funds for the British Heart Foundation seemed the right thing to do.

I have already given you an account of the day so I won't go into detail again. I am sure you can appreciate though that marathon training, never mind getting a decent time, is tough!

There were several times on the day where the memory of Nigel, and the support from all of you, kept me going through those dark patches...

Two months on: the just giving page I set up for this marathon is closed. I am still astounded by the amount of support I received financially for this event, and I am sure that Nigel is up there somewhere showing his gratitude.

The final amount raised for this was a staggering **£2416.27**, and with Gift Aid added on the total was **£2911.35!**

I can't put into words the gratitude I want to express for all friends of Nigel who donated so generously- it certainly is a tribute to his popularity and the kind man he was, and still is in our treasured memories.

To raise this amount of money as a solo runner is quite something, and I am incredibly grateful to all of you for your help with this, and of course the invaluable support on the day at the various cheer points.

I hope that we can also celebrate Nigel's memory with a music concert when it is safe to do so.

Thank you again.

Jo
